Welcome to Churachandpur College

The dream of Churachandpur College, one of the premier institutions of higher education in Manipur State, began to take shape when Mr. S. Pauneikhai Vaiphei and Dr. T.S. Gangte formed its first Governing Body of the College on November 30, 1964 as the founder Chairman and the founder Principal/Secretary respectively.

In the same year, the College was open and affiliated to the University of Gauhati. In the year 1977 the Government of Manipur, Department of Higher Education superseded the erstwhile Governing Body and took over the College, followed by the transfer of affiliation in the year 1981 when State had its own University.

The main objective of the institution is -

- 1. To provide appropriate venue for inculcating in the students self-discipline, self-confident and self-reliant.
- 2. To provide equal opportunities to all the students, irrespective of caste, creed, religion, sex, place of origin, and race for cultivating in the students scientific attitude and temper and the spirit of democracy, socialism and nationalism.
- 3. To provide suitable and best learning opportunities to unfold the innate potentials of the students so that they become useful citizens. 4. To give proper place to the students to develop all the competencies and skills needed to enter in the job market.
